ROBONATION

Ref.: Application for a Free WAM-V – Robot X 2022

Dear Sir/Madam:

In accordance with the provisions of the requirements of the contest, we commit to:

That TUMI ROBOTICS accepts to participate as industrial sponsor in the RobotX 2022 competition, with the purpose to execute the development and equipment of the USV platform (WAM-V) and agrees to:

- Provide the materials and equipment to build the propulsion, energy, electronics and sensor systems that are placed in the WAM-V platform, as described in the technical document.
- Provide and cover the logistics to transport the equipment at national and international level.
- Cover the mobilization and expenses of at least two (02) members of a team.
- Execute all activities in a transparent manner; this implies acting at all times with integrity, responsibility, acting with honor and efficiency.

Yours sincerely,

.....
