SYDNEY, AUSTRALIA
NOVEMBER 11-17, 2022

Maritime RobotX Challenge 2022
System Assessment Schedule
November 15-16, 2022
LAST UPDATED – 10/27/2022

Teams are assigned a 30-minute assessment time slot. There will be a 10-minute interval for judges to move to the next team.

Judges inspect the team's AMS and assess technical design, craftsmanship, technical innovation, and visual impact of the design. Team members should be present to answer technical questions posed by the judges during this inspection.
