

# System Assessment Scoresheet

- Georgia Tech   
  Embry-Riddle   
  Hagerty & UCF   
  South Dakota   
  US Coast Guard  
 Univ of Michigan

Day 1

- LSSU & FAU   
  Cornell Univ   
  James Martin HS   
  Inspiration & UCSD   
  Newfoundland

Day 2

- Puerto Rico   
  AGH Krakow   
  Gdańsk   
  Tecnológico Monterrey

Day 3

- Istanbul Tech   
  Institut Teknologi   
  Sebelas Maret   
  Strathclyde

<b>Judge Name</b>	<b>Total Score (180 points max)</b>
-------------------	-------------------------------------

Scoring Breakdown (180 Points max)	Considerations for Exceptional Systems	Points
<b>Technical Design</b> (80 points max)	Design and implementation of systems and subsystems are well aligned with team's strategy, design decisions, and engineering principles. For example, consideration has been given for ease of troubleshooting and operation.	
<b>Innovation</b> (60 points max)	System demonstrates creative and innovative solutions. Innovation may include applying existing technology in novel ways within the system, using existing technology in a previously unintended way, or creating new technology or products incorporated into the system.	
<b>Craftsmanship</b> (40 points max)	System is assembled with care and attention to detail and aesthetics. Construction and improvisations are neatly executed to maintain high levels of functionality, durability, and adherence to the team's design philosophy. Any vehicle adornment demonstrates creativity and originality, etc.	

## FEEDBACK FOR TEAM (suggest improvements, if appropriate, as well as observations and notes)

Continue on back if additional space is needed.
