Team Video Requirements

Each Team is required to submit a 2-3 minute video introducing their team. This video will be scored, and will be used online and on-site, as necessary. The video is not intended to present teams’ vehicle design and it may not be used as part of the design presentation.

After submission, all team videos will be hosted on the RoboNation YouTube Channel.

What should this video include?
When creating the Team Video, below are a few ideas of what could be included:

- Team introduction
- Vehicle introduction
- Creative storytelling
- Outreach efforts

Take a look at the previous year’s videos for some inspiration, but don’t forget to make it your own!

RoboBoat Team Videos | RoboSub Team Videos | RobotX Team Videos

How-to: MPEG Streamclip
To compress the video, please use the following:

- Format: .MP4
- Compression: H.264
- Quality: 50%
- Sound: MPEG-4 AAC 128 kbps
- Frame Size: Unscaled

Here is an example of the MPEG Streamclip settings:
