Community & Outreach Submission

A key objective of the RoboSub program is to strengthen and enhance the community. Teams are encouraged to participate in educational outreach activities and describe those activities here. Maximum 500 words

Community & Outreach Description:

Scottie Subs has a connection with Magnolia Science Academy. We have a connection with their robotics program and we visit them to display our robot, showing the students how our robot works. This helps strengthen the local robotics community which is very important to us.
