## Central Florida First Lego League Championship Volunteering (Jan 10-11, 2025)

The Organization that oversees Team Unsinkable, AMRA, was asked to help supply volunteers to support the FLL regional championship being held at SeaWorld in Orlando. We supplied nearly all the judges for the event, because the theme this year was underwater robotics, which our members have experience with. The event provided a fantastic opportunity to connect with the next generation of roboticists. The FLL theme this year allowed us a wonderful opportunity for our members to express their love for underwater robotics and tell them about RoboNation and all of the competitions they offer for High School and College Teams.

List of Volunteers for this event:

1. Mark Thompson
2. Kellan Shew
3. Nicole Motta
4. Jesse Puricelli
5. Kevin Kornbau
6. Logan Holmboe
7. Justin Yocum
8. Timothy Mascal
9. Emily Coello
10. Stella Hyatt
11. Logan Luna
12. Tatum Kelley
13. Joseph Rigo
14. Andrea Di Russo
15. Garrison Ottolini

### State of Florida First Lego League Championship Volunteering (Feb 7-8, 2025)

After supporting the event in January, the director of the event asked us personally to volunteer again for the State Championship during the weekend of February 7-8, 2025. We accepted the invitation and were able to put together the following list of volunteers for this second outreach event which was sent to the activity director. **The event volunteers had a great time, and the activity director said, “LEGO would not have been successful without AMRA supporting, representing 40% of our volunteers”**
