

## Fact Sheet

- **MEET THE TEAM: *Skeletons* – Project Dead**
  - Team members:
    - Owen Renner (6<sup>th</sup> grade)
    - Evelyn Renner (8<sup>th</sup> grade)
  - Organization: Prexies Robotics
  - Location: George Washington Middle School, Alexandria, Virginia
  - Teacher/Mentor: Richard Clemmons, Email [Richard.clemmons@acps.k12.va.us](mailto:Richard.clemmons@acps.k12.va.us)

- **SeaPerch ROV Design:**

- **Overview of SeaPerch Design:** Imperial Star Destroyer from the Star Wars is the design inspiration in combination with what is needed to successfully boat on the water.
- **Competition Class:** Middle School Stock Class
- **Number of Years team has participated in the SeaPerch Program:** 1 Year
- **Number of Years team has participated in the International SeaPerch Challenge:** 1 Year
- **Complete the statement:** Our SeaPerch is unique because we used different materials than the box kit supplied and our design we built is innovative!
- **Complete the statement:** Our biggest takeaway this season is you never going to succeed the first time, you just need to keep trying and reimagining the design.
